Professor Eulenberg is credited with the authorship of "The Aphorisms of a Nerve Specialist," recently published in Germany. Among the "truths" are the following: "Once upon a time the typical physician strove to be a gentleman; the aim of the typical doctor of today is to be a successful business man. We should not blame the young men; they are really children of the age. They are not at fault—we have the physicians we deserve."

### SKIN ERUPTION CURED

Was So Sore, Irritating and Painful that Little Sufferer Could Not Sleep - Scratched Constantly.

CUTICURA'S EFFICACY PROVEN

"When about two and a half years old my daughter broke out on her hips and the upper parts of her legs with a very irritating and painful eruption. It began in October; the first I noticed was a little red surface and a constant desire on her part to scratch her limbs. She could not sleep and the eruptions got sore, and yellow water came out of them. I had two doctors treat her, but she grew worse under their treatment. Then I bought the Cuticura Remedies and only used them two weeks when she was entirely well. This was in February. She has never had another rough place on her skin, and she is now fourteen years old. Mrs. R. R. Whitaker, Winchester, Tenn., Sept. 22, 1908."

Just arrived today at my stable, three carloads of acclimated horses from the White mountains. These horses were all bought last fall in Canada and were taken over to Naw Hampshire in the lumber camps. They were worked hard all winter and grew thin. They are all acclimated and ready to go to work. They are just as good horses as you pay me \$500.00 a pair for. Of course, they look rough and hard, but will pick right up when they get into good hands. We can sall these horses from \$75.00 to \$125.00 apiece, and they are cheap for that price.
